Consultations:
Consultations can either be in person or by telephone. In many cases you do not have to be in Florida to take advantage of the excellent diagnostic work-up and level of care you can experience at the DaSilva Institute. All blood work can be done in your own area (through LabCorp of America or Quest Diagnostics), and specialized testing can be performed in the comfort of your own home via test kits we provide for you by mail. We are currently serving patients throughout the world. Be sure to book a follow-up appointment whenever you have blood drawn or any other lab procedure performed. You will not be able to get results without consulting with one of our medical professionals.

Your medical records:
Each time you have a consultation you will be provided with a printed or a digital copy of your lab records. If additional records are requested by you, or by an authorized third party such as another doctor’s office or insurance provider, you will be required to pay the DaSilva Institute a minimum fee of $20.00 plus a $0.50 per page fee for reproduction of any part of your chart requested (only if authorized by the patient).

Change/cancellation of appointments:
Please let us know as early as possible if you need to change your appointment. We regret we must charge for missed or changed appointments, unless we are given one full business day’s notice. Otherwise, you will be responsible for the full service fee. (Business days are Monday through Friday.)

Renewal of medications:
Unless you schedule a follow-up visit every six months, we cannot renew your prescription. Renewal of medication prescriptions should be done well in advance. We cannot authorize refills of medication after office hours because your medical record is unavailable for review while the clinic is closed. To get refills please have your pharmacy fax us a refill request at (941) 388-0921.

Supplement orders:
You can order directly from this website or you can reorder your supplements by calling our office at 941-388-0940, or by emailing your orders to orders@DaSilvaInstitute.com.

Payment of fees:
All services must be paid in full at the time of service. We accept Visa, Master card, American Express debit cards with the Visa or MasterCard logo, and checks (both personal and business, with proper ID) for all services and products.

We do not bill your insurance provider directly.

Limitation of Services:
The DaSilva Institute does not replace your existing primary care physician. It is your responsibility to continually get your basic medical checkups by a qualified internist, family physician, or OB/Gynecologist. The DaSilva Institute will act solely as a Specialist for your anti-aging, regenerative and functional medicine needs. Each appointment must be in accordance to what you sought treatment for (i.e., a consultation set up to discuss hormone replacement will only deal with hormonal issues, gastrointestinal issues with GI treatments, and so on). If a patient has other issues to discuss, a separate appointment must be made.
